

UALC Daily Readings for Nov. 4-Dec. 1, 2018 Thankfull

In this series, we'll learn from the Psalms about how the practice of giving thanks simultaneously pleases God and renews our minds. Through the saving work of Jesus, we have been given more than we can ask or imagine. This November we will spend the month giving thanks to God and exploring what God can do with a thankfull heart.

- | | | |
|----------------|-----------|--------------------------------------------------------|
