God Creates by the Word (Genesis 1:1-2:4a)

QUESTIONS FOR SMALL GROUP DISCUSSION AND PERSONAL REFLECTION:

1. We all take in a lot of words or messages everyday (including images and other non-verbal messages). Try to think concretely: What are some of the most common messages you “hear” regularly?
2. God’s speech is a big theme in Genesis 1. Read through Genesis 1 and take note of each reference to God saying something. What do you notice?
3. In your experience, what has helped you read and listen to God’s Word? Share you experiences with each other.
4. We read the Bible to hear God’s Word. And we also believe that God is alive and speaking to us now. What do you think God might want you to hear or take away from this discussion?
